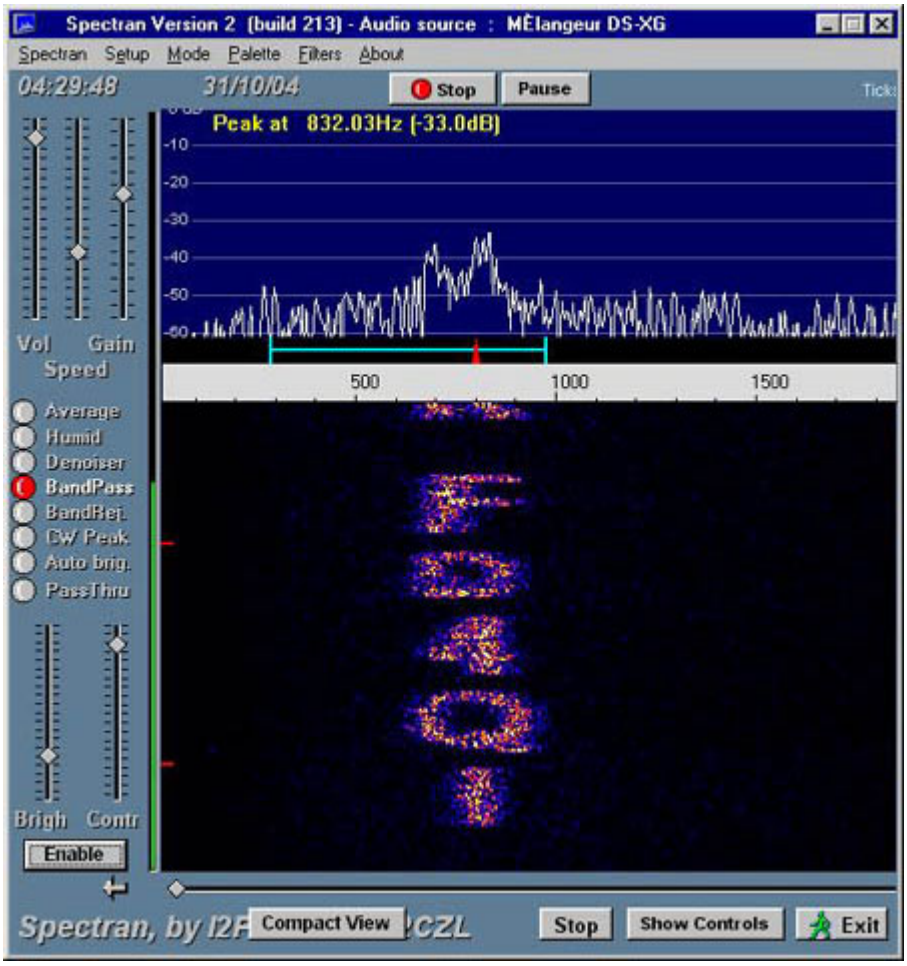
Hell writing test during the 2004 Microwave contest.

The signal is displayed with Spectran

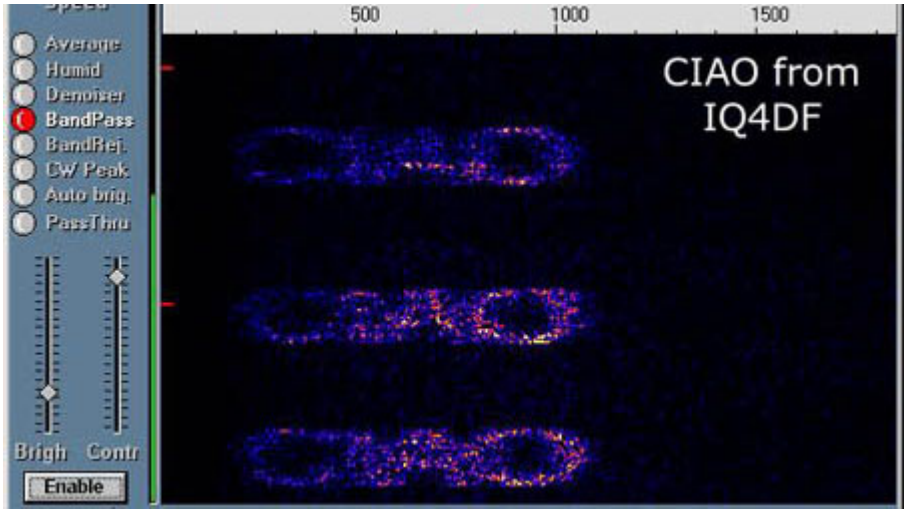
Wave file :



IQ4DF transmitted "CIAO" at the end of test. Very funny!!!

IQ4DF a transmis "CIAO" à la fin du test. Très amusant!!!

Wave file :



This test was done during the 2004 ARRL Microwave contest. IQ4DF have transmitted with a special modulated signal called "Hell Writing". This was our second test with a better result than the first time.

It is very impressive to read a call sign directly on the computer screen on 10

GHz EME.

(Ce test a été effectué durant le contest "ARRL Microwave 2004". IQ4DF a transmis avec une modulation appelée "Hell Writing". C'était notre second essai avec un meilleur résultat que la première fois.

C'est très impressionnant de lire un indicatif directement sur l'écran d'un PC en EME 10 GHz).

Find below the wave file of the first test - Fichier wave du 1er essai ci dessous.
